

## **Additional Notes**

### **Custom-Made Products:**

We hereby inform you that your offer relates to goods that are not prefabricated and whose manufacture requires an individual selection or determination on your part and/or which are clearly tailored to your personal needs. This is because the container is to be manufactured according to your specifications in terms of equipment, dimensions, color, interior design, or other specifications and therefore, despite the conclusion of the contract by means of distance selling, you have no right of withdrawal in accordance with Section 312g (2) No. 1 of the German Civil Code (BGB).

If you maintain your request, our subsequent acceptance will result in an irrevocable contract which, except in the case of corresponding warranty rights, can no longer be terminated and reversed by you through a unilateral declaration.

### **Delivery and Installation Conditions:**

Delivery will be made by truck with a permissible total weight of up to 40 tons and is generally equipped with a loading crane.

The customer must ensure that access to the delivery location:

- is fully accessible for such vehicles (sufficient road width, no weight restrictions, no obstructions caused by trees, parked vehicles, construction sites, etc.),
- that a suitable turning and parking area for the vehicle is available,
- that the ground is solid, load-bearing, and level (e.g., asphalt, concrete, compacted gravel), and
- that crane unloading is possible within a maximum radius of X meters (depending on the container delivered and the crane's reach).

If delivery is not possible or must be aborted due to insufficient conditions on site, the seller reserves the right to charge the customer for the additional costs incurred (e.g., empty runs, waiting times, second delivery attempts).

### **Suitability and Official Permits:**

The suitability of the delivered containers or container systems for the purpose intended by the customer cannot be assessed by us and – unless otherwise agreed in the individual case – lies exclusively within the responsibility of the customer. Therefore, unless otherwise agreed in the individual case, no warranty or liability is assumed in this regard.
